## Executive Summary

This report provides a comprehensive enterprise-grade analysis of <https://byjus.com/>. The overall audit score is **70 out of 100** (Grade Good). A total of 14 issues were identified that require attention. The target score for industry benchmark is 85+.

### Overall Score

| Overall Score | Grade | Benchmark | Target Score |
|---------------|-------|-----------|--------------|
| 70 / 100      | Good  | Average   | 85+          |

### Category Performance (Five Pillars)

| Pillar      | Score | Passed | Failed |
|-------------|-------|--------|--------|
| Measurement | 18.0  | 3      | 1      |
| Retargeting | 14.0  | 2      | 3      |
| Conversion  | 5.0   | 1      | 6      |
| Trust       | 15.0  | 5      | 2      |
| Seo/Ai      | 18.0  | 8      | 2      |

## Detailed Findings & Recommendations

|                                           |                                                                                  |
|-------------------------------------------|----------------------------------------------------------------------------------|
| <b>Issue:</b> <i>hotjar (measurement)</i> | <b>Priority:</b> Low                                                             |
| <b>Current Problem:</b>                   | Consider adding Hotjar to collect feedback and run user surveys on your website. |
| <b>Business Impact:</b>                   | Blind spots in understanding why users might be abandoning the site.             |
| <b>How to Fix:</b>                        | Install Hotjar via GTM or directly in the website code.                          |
| <b>Estimated Time:</b>                    | 10 minutes                                                                       |
| <b>Expected Score Impact:</b>             | +2                                                                               |

|                                                     |                                                                        |
|-----------------------------------------------------|------------------------------------------------------------------------|
| <b>Issue:</b> <i>linkedin_insight (retargeting)</i> | <b>Priority:</b> Medium                                                |
| <b>Current Problem:</b>                             | Add the Insight Tag to measure B2B conversions and retarget audiences. |
| <b>Business Impact:</b>                             | Missed opportunity for high-value B2B lead generation and retargeting. |
| <b>How to Fix:</b>                                  | Add the LinkedIn Insight Tag to your website footer or via GTM.        |
| <b>Estimated Time:</b>                              | 10 minutes                                                             |
| <b>Expected Score Impact:</b>                       | +3                                                                     |

|                                                 |                                                      |
|-------------------------------------------------|------------------------------------------------------|
| <b>Issue:</b> <i>tiktok_pixel (retargeting)</i> | <b>Priority:</b> Low                                 |
| <b>Current Problem:</b>                         | Add TikTok pixel to measure conversions from TikTok. |
| <b>Business Impact:</b>                         | Missed opportunity for Gen Z/Millennial retargeting. |
| <b>How to Fix:</b>                              | Add TikTok pixel via GTM.                            |
| <b>Estimated Time:</b>                          | 10 minutes                                           |
| <b>Expected Score Impact:</b>                   | +2                                                   |

|                                                          |                                      |
|----------------------------------------------------------|--------------------------------------|
| <b>Issue:</b><br><i>pinterest_pixel</i><br>(retargeting) | <b>Priority: Low</b>                 |
| <b>Current Problem:</b>                                  | Add Pinterest pixel for retargeting. |
| <b>Business Impact:</b>                                  | Missed visual commerce retargeting.  |
| <b>How to Fix:</b>                                       | Add Pinterest pixel via GTM.         |
| <b>Estimated Time:</b>                                   | 10 minutes                           |
| <b>Expected Score Impact:</b>                            | +2                                   |

|                                                         |                                 |
|---------------------------------------------------------|---------------------------------|
| <b>Issue:</b><br><i>newsletter_form</i><br>(conversion) | <b>Priority: Medium</b>         |
| <b>Current Problem:</b>                                 | Add a newsletter form.          |
| <b>Business Impact:</b>                                 | Failing to build an email list. |
| <b>How to Fix:</b>                                      | Add an email capture form.      |
| <b>Estimated Time:</b>                                  | 30 mins                         |
| <b>Expected Score Impact:</b>                           | +2                              |

|                                               |                                                                  |
|-----------------------------------------------|------------------------------------------------------------------|
| <b>Issue:</b> <i>whatsapp</i><br>(conversion) | <b>Priority: Medium</b>                                          |
| <b>Current Problem:</b>                       | Enable WhatsApp chat to let visitors connect with you instantly. |
| <b>Business Impact:</b>                       | Losing mobile users who prefer instant messaging over emails.    |
| <b>How to Fix:</b>                            | Add a WhatsApp floating button linking to your business number.  |
| <b>Estimated Time:</b>                        | 15 minutes                                                       |
| <b>Expected Score Impact:</b>                 | +3                                                               |

|                                             |                                                |
|---------------------------------------------|------------------------------------------------|
| <b><i>Issue: messenger (conversion)</i></b> | <b>Priority: Low</b>                           |
| <b>Current Problem:</b>                     | Enable Facebook Messenger chat on your site.   |
| <b>Business Impact:</b>                     | Missing conversational conversions via social. |
| <b>How to Fix:</b>                          | Add Messenger chat plugin.                     |
| <b>Estimated Time:</b>                      | 15 minutes                                     |
| <b>Expected Score Impact:</b>               | +2                                             |

|                                             |                                                                 |
|---------------------------------------------|-----------------------------------------------------------------|
| <b><i>Issue: live_chat (conversion)</i></b> | <b>Priority: Medium</b>                                         |
| <b>Current Problem:</b>                     | Install a chat tool to engage visitors in real-time.            |
| <b>Business Impact:</b>                     | Delayed response to customer objections, leading to lost sales. |
| <b>How to Fix:</b>                          | Integrate tools like Tawk.to, Intercom, or Zendesk.             |
| <b>Estimated Time:</b>                      | 30 minutes                                                      |
| <b>Expected Score Impact:</b>               | +3                                                              |

|                                            |                                      |
|--------------------------------------------|--------------------------------------|
| <b><i>Issue: calendly (conversion)</i></b> | <b>Priority: Medium</b>              |
| <b>Current Problem:</b>                    | Integrate Calendly for easy booking. |
| <b>Business Impact:</b>                    | Friction in booking sales calls.     |
| <b>How to Fix:</b>                         | Embed a Calendly widget.             |
| <b>Estimated Time:</b>                     | 15 mins                              |
| <b>Expected Score Impact:</b>              | +3                                   |

|                                       |                                                                             |
|---------------------------------------|-----------------------------------------------------------------------------|
| <b><i>Issue: crm (conversion)</i></b> | <b>Priority: Medium</b>                                                     |
| <b>Current Problem:</b>               | Connect your site to a CRM to automate lead tracking.                       |
| <b>Business Impact:</b>               | Manual lead entry, causing delays and potential loss of valuable prospects. |
| <b>How to Fix:</b>                    | Install your CRM's tracking pixel on the website.                           |
| <b>Estimated Time:</b>                | 20 minutes                                                                  |
| <b>Expected Score Impact:</b>         | +3                                                                          |

|                                      |                                                   |
|--------------------------------------|---------------------------------------------------|
| <b><i>Issue: cookies (trust)</i></b> | <b>Priority: High</b>                             |
| <b>Current Problem:</b>              | Add a cookie consent banner for legal compliance. |
| <b>Business Impact:</b>              | Risk of GDPR/CCPA fines.                          |
| <b>How to Fix:</b>                   | Implement a cookie banner like OneTrust.          |
| <b>Estimated Time:</b>               | 30 mins                                           |
| <b>Expected Score Impact:</b>        | +3                                                |

|                                           |                                                                       |
|-------------------------------------------|-----------------------------------------------------------------------|
| <b><i>Issue: contact_page (trust)</i></b> | <b>Priority: High</b>                                                 |
| <b>Current Problem:</b>                   | Create a dedicated contact page with clear business details.          |
| <b>Business Impact:</b>                   | Reduces brand legitimacy and frustrates users trying to reach you.    |
| <b>How to Fix:</b>                        | Create a Contact Us page and add it to the main navigation or footer. |
| <b>Estimated Time:</b>                    | 30 minutes                                                            |
| <b>Expected Score Impact:</b>             | +3                                                                    |

|                                            |                                                                           |
|--------------------------------------------|---------------------------------------------------------------------------|
| <b>Issue: <i>twitter_card</i> (seo_ai)</b> | <b>Priority: Low</b>                                                      |
| <b>Current Problem:</b>                    | Set up Twitter Card tags to ensure rich previews on X (formerly Twitter). |
| <b>Business Impact:</b>                    | Poor link previews when shared on X/Twitter.                              |
| <b>How to Fix:</b>                         | Add Twitter Card meta tags to the .                                       |
| <b>Estimated Time:</b>                     | 10 minutes                                                                |
| <b>Expected Score Impact:</b>              | +2                                                                        |

|                                        |                                                                                              |
|----------------------------------------|----------------------------------------------------------------------------------------------|
| <b>Issue: <i>llms_txt</i> (seo_ai)</b> | <b>Priority: Low</b>                                                                         |
| <b>Current Problem:</b>                | Add an llms.txt file at the root of your domain to guide AI crawlers.                        |
| <b>Business Impact:</b>                | AI tools like ChatGPT may hallucinate or fail to understand the business offerings properly. |
| <b>How to Fix:</b>                     | Create an llms.txt at the root of the site with essential business facts.                    |
| <b>Estimated Time:</b>                 | 15 minutes                                                                                   |
| <b>Expected Score Impact:</b>          | +2                                                                                           |
